REACTON COLORS

Add touches of exciting and new natural colours to your floors!

WHY REACTON COLORS ??

Reacton Colours are our collection of water-based finishes that add classy new shades to wood surfaces, preserving the natural look of the wood and breathing new life to any room.

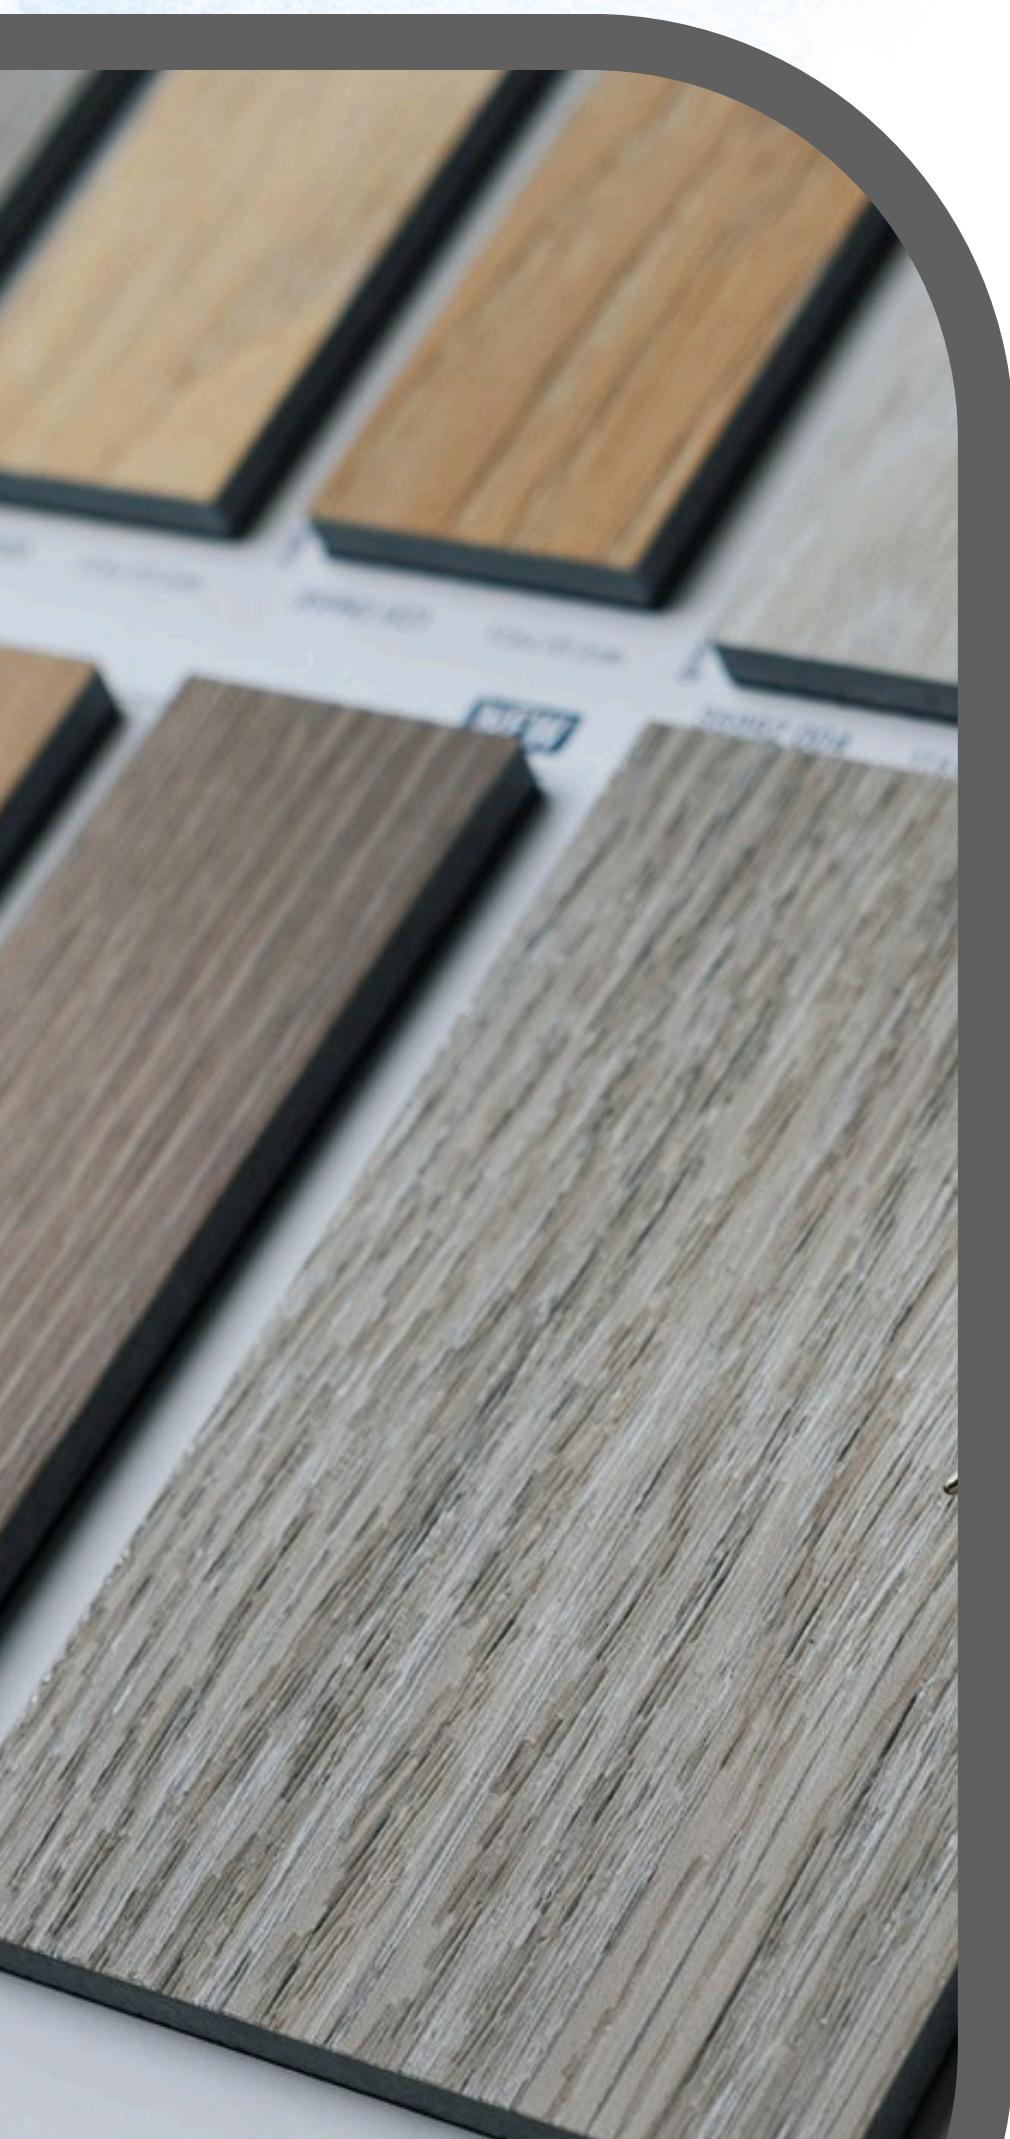

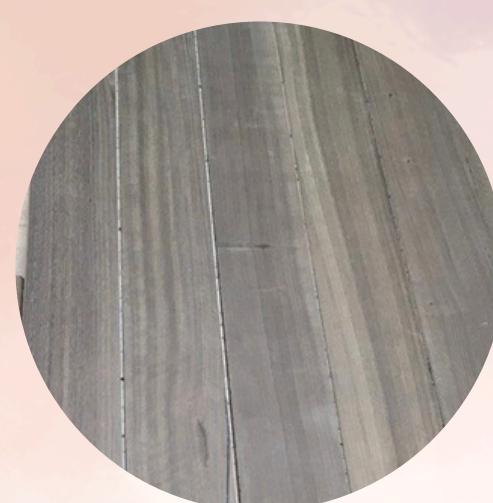

HOW TO APPLY ??

Viron recommends applying Reacton Colors using an automatic linear-spray machine. This system improves efficiency, stability, and improves production output.

Reacton is safe to touch before it cures, and does not irritate the skin.
